

Dire Penalties In Rogers Proposals Agn All Hoarders

Congressman Says "Excess of Necessities" Is Barring

Frederick C. Othman, Washington columnist reports that our Congressman Dwight Rogers has taken to law in again hoarders, which he describes as "Possessing an excess of necessities." Go to it, Dwight, somebody better do something about it. It's a "between boys," too—the jobbers, wholesalers and distributors. Here's what Mr. Othman says: Rep. Dwight L. Rogers, a lawyer and a democrat from Fort Lauderdale, Fla., introduced an amendment to the economic control act of 1949 making it a crime, punishable by a \$10,000 fine, a year in the clinic, or both, to hoard.

"A succession of lawyers said this was a pious idea right. But it wouldn't work. They used such terms as absurd and ridiculous. The House voted it down.

"NEXT MORNING" to the amazement of all hands—Rep. Rogers introduced an anti-hoarding bill again. Some of his cohorts laughed. One called for cutting off debate so Rep. Rogers would be bounced out at once.

"Please," cried the gentleman from Florida, "I'm serious. I'm not kidding. I want to hear his cohorts at least should listen to him.

"Control hoarding and we won't need another OPA," he began.

"There ought to be a law against hoarding," interrupted Rep. Eugene McCarthy of California.

Fire Destroys Schlechter Home Late Thursday

Around six o'clock Thursday afternoon the West Schlechter home at Clifton was completely gutted by a fire originating inside the house.

Mr. Schlechter had gone to take the mail home and when he returned the entire house was afire with smoke bursting out every outside opening. Mr. Schlechter was still in the field and found his home gone when he did arrive.

The fire department responded immediately and confined the fire to the one building, even the garage apartment in the rear of the lot. West's store on the adjoining lot and the State home to the west were also saved.

Household furniture and personal clothing and effects were a total loss.

Basin of Recommendation of A National Policy On Development Of Water Resources, By Matthews

Col. A. G. Matthews, Chief Engineer, Division of Water Survey and Research, for the State of Florida has prepared the following which we heartily commend to the public and to students of government. His recommendations as to policies will be printed in a later issue of THE HERALD.

To better understand the "Why's and Where's" of our Overall Flood Control Program by the Federal Government joined by the State and local interests, we hope you will study these articles.

1.01 The primary purpose of Federal and State governments in the United States is to secure the liberties of the people. All other essential or desirable ends must be subordinate to this primary objective. It follows that policies and statutes used to attain any one of the secondary objectives must not be such as to impair the primary function.

LOCAL BOYS LEAVE TOMORROW TO TRAIN FOR SHOOTIN' WAR

The advanced detachment composed of Cpl. John Haindman and Pfc. Chas. E. Blackwell, from Company "E", 21st National Guards, left Monday to join a truck company in West Palm Beach, headed for Fort Jackson, S. C., in preparation for the annual two weeks training period, the company. The advanced detachment takes all company equipment via truck.

The company mess detachment, Sgt. Anthony Toussaint and Pfc. Vasilios Toussaint, left this week, via pullman, for Fort Jackson, to attend a two day meeting.

Cpl. Merton J. Rashley has just returned from Fort Benning, where he took a nine weeks course in auto maintenance, the company. The detachment is under the command of Lt. Eugene Pickren of Pahokee. Lt. Pickren was promoted to leading officer on the departure of Lt. John Hooker several weeks ago. However, Lt. Hooker is expected to join the outfit at (Continued on Page 4)

Our Playground Program and Attendance Best In County

According to Palm Beach County Playground Association, the summer program that has just ended at Paradise Park by Doug and Mrs. Leavitt, has proven to be the best attended, than any in the county.

Over 200 hundred children attended the picnic marking the closing of the vacation playground program Friday. Prizes donated by the Lions Club were awarded by Club president, Henry Carwood. A bounteous picnic lunch was prepared and served by Park Donations, who stated the kids, for one time, ate their fill of hot dogs, potato chips and fruit punch. No child was turned away from this third or even fourth helping.

The whole eight week program was put over without incident. The serious section of the program, the picnic, was held at the home of Mrs. McDonald. She further stated this also holds true for the whole two year period of the program. This is a good record, considering the average daily attendance reaches 175 children. Complete first aid facilities for emergencies is kept on hand at all times.

New Chinning Bars for three groups are being installed in this park this week.

The park assistant, Mrs. Ruby Dodson, will be on duty, beginning tomorrow, and the Institute story for the pre-school group, which will be conducted from 9:00 o'clock to 10:00 A. M., each Saturday morning.

War Requirements Of Vegetables To Be FFVA Question

Cuba And Mexico Imports May Be Affected By War, Says Graw

The factors of competition from both foreign and domestic sources affecting the Florida fruit and vegetable industry will be reviewed at the 7th annual convention of the Florida Fruit and Vegetable Association, meeting in Miami Beach on October 4, 5 and 6, according to LaHoff Graw, FFVA manager.

Graw said that FFVA's committees are preparing data on the past season's shipments from competing areas in this country and on imports from Cuba and Mexico. Also to be reviewed are shipments of Florida produce which have been under close study by FFVA for several years.

"While the future is uncertain, it is being diverted from transportation of Cuban products and if an anticipated shortage of refrigerated cars should develop, it is probable to restrict their use on long hauls, Florida producers will endeavor to supply the needed cars and strawberries, the fruit which the industry has been faced before, and one which it met with distinction.

However, it is a task which requires the close cooperation and coordination of all persons and agencies involved.

MILITARY PREPARATION CALLS FOR SPECIALISTS IN MANY LINES OF WORK

The Robins Air Force Base, located at Warner Robins, Georgia, listed numerous job openings for regional recruitment on August 1, 1950. The actual locations of some of these jobs are in Alaska, Newfoundland, Japan, Okinawa and Germany, in addition to Robins Field in Houston County, Georgia.

IXORIA CITY'S OFFICIAL FLOWER, URGED PLANTED BY GARDEN CLUB

Many residents of Belle Glade do not realize the Ixoria, that beautiful wax-green plant with the large heads of bright red flowers, is the official flower of the city.

The plants grow here very well, and bloom profusely all summer, with less bloom in winter months. They are grown as an exhibition shrub, or as a hedge. The plant stands a high water table with and is a very good propagator by cuttings of the new growth. It likes sandy soil, with a little salt added to the water.

The Belle Glade Garden Club, during the past year, has been making an effort to encourage the planting of Ixoria in the city. They have donated a great number to be planted in Paradise Park and the different parks and schools in the city.

Two tennis courts are now under construction on the new school grounds and will be ready for use by the school opening, at least during the early part of October.

A new parking lot has been built next to the band house, which will serve the two-fold purpose of band practice ground and an extra parking lot for football spectator cars.

Be A Pot-Walloper Register And Vote

According to legal notice in this newspaper everyone who has registered before March 8, 1950, will have to re-register before September 2, 1950, to vote in the city election September 12th.

In days gone by, our citizens would walk miles through fields to the polls to vote. They knew their vote was important to good government.

Nowadays there is dangerous laxity on the part of a great number of our citizens who think that a single vote has no value. This is just what minority groups seeking power want the voters to think. Their vote gives an organized, designing minority a chance to gain power.

A heavy vote is the best assurance of representative government because then a minority cannot "steal" an election. Voting may not seem important to some who have lost sight of what it cost in blood and suffering to gain the liberties we all enjoy, but they are badly mistaken. By accepting the rights we enjoy as God-given, the more apt we are to fall prey to the snare of those who would destroy our liberties.

To become a staunch pot-walloper (see dictionary) and register and vote at every election.

ELKS DONATIONS TO UMATILLA HOME 3rd

The Benevolent and Protective Order of Elks take the "benevolent" part of their order seriously, as proven by the news that Belle Glade Lodge 1718 oversubscribed their quota of donations to the Harry Anna Crippled Childrens Home in Umatilla, Fla. to the sum of 1885. This makes them third-highest in the state, with Orlando first, subscribing 3267 and Lake Worth 3167, over and above their respective quotas.

The Home in Umatilla is supported entirely by The Benevolent and Protective Order of Elks, of Florida.

Local Photo Interpreter Team Joins Hart Guard At Fort Jackson Sunday

Members of the 497th "Photo Interpreter Team" consisted of the following: Lt. L. Emmet S. Roberts, Executive Officer, Sgt. Chas. P. Choate, Cpl. Wm. C. White, of Belle Glade, and Sgt. Douglas Peacey, Clewiston.

DOES THE GLADES RAT HAVE A SWEET TOOTH?

According to local postal authorities, the glades rat has a sweet tooth. Inability of the U. S. Post Office Department to realize this fact and provide suitable cages to store packages of confectionery, cake, fruit, nuts, etc., results in a sizable loss during a year's time.

The postmaster has tried various remedies to keep the post office free of rats, going so far as to leave a cat overnight. Even the cat gave up, as evidenced by its hasty exit when the door was opened the next morning.

Fla. Led Nation In Farm Income

According to the Florida Grower Magazine, Florida led the nation in farm income increase in 1949 with a total increase of 18.9 percent.

While Florida showed a substantial gain in income in 1949, every other Southern state fell from 2.6 percent in Louisiana to 20.4 percent in South Carolina. The closest state to Florida was Texas with an increase in income of 10 percent. California fell 6.3 percent.

Be A Pot-Walloper Register And Vote

A certificate of appreciation was given to Mr. McDonald, park supervisor for the marvelous park program put on this summer in Paradise Park.

The Naratene Mission, Rev. P. E. Nelson, pastor, announces the return of Dr. W. N. Harrington, who conducted a revival here last year, and who will hold revival services at the Everglades Theatre on Main Street for two weeks, beginning Sunday, August 13th, and running through Sunday, August 27th. There will be two services on Sunday at 11:00 A. M. and 7:45 P. M., with one service daily during the week, to start at 7:45 P. M.

Thirteen Weeks Average Of 453 Animals Bring \$650,000 Total For Sale At The Local Auction

Doubling Thomases are convinced that the cattle auction market is a fixture in the Glades when they find that more than 3700 animals sold over the period of 13 weeks brought a total better than \$650,000.

"There is one thing that we must have," says Prof. Speer, our Assistant County Agent, "and that is a continuous flow of fat fed slaughter animals. The few that we have had have not had a fair chance for the buyers have not been able to purchase that kind of offering, and the few that have been purchased were not particularly sought. Whenever we have a certain number of Glades corn finished animals, each Friday the buyers will come looking for that type and they will bring the price."

A group of our customers who are equipped to furnish them can embark on a program which will bring to the market each Friday, a sizable quantity of these animals, and the buyers will be there looking for them. Ten or twelve cattle-men can combine each to have a finished lot of 200 or 300 head of cattle, and sell them at a specified time and there by make it worth while for the buyers to come prepared to buy them and at the market price."

Somewhat higher prices prevailed this week, but did not go quite as high as the week that launched the Korean war. Indications are that the heavy cold stock season, already the general price level. We don't expect either ceilings or floors, but the situation could change any time. Don't expect higher prices than are now being received.

Top money went to Frank Hiss in the amount of \$343.12 for a 1575 pound steer. Quite a salvage for a bull which has paid for himself many times over in the past. Mr. Hiss' bull of scale combined with the ability to pass on weight to his calves. It is false economy to buy a cow grade steer, in your herd—ask the boys who make money producing veal! One thousand dollars is not too much to pay for the right kind of bull for the commercial herds.

Sam Chastain's fed steers brought nice returns and further advertised beef production in the Glades as well as through the ring in matched groups of two to five animals per group.

We like to see animals come in early at what did this past week. Bring your cattle before twelve o'clock every Friday.

SCHOOL BELLS RINGING FOR DEAR TEACHER MOM.

School bells will start to ring next Monday! Don't fret, children, they're not for you, but for teachers!

The three weeks Pre-school Plan will begin August 14. All teachers will report to West Palm Beach for the annual assembly on Monday. The rest of the time they will work in their respective schools. Various committees are being formed, such as teachers and departments will be held. There will be several meetings where all teachers will be equipped to handle the West Palm Beach, and several that all Glades teachers will be required to attend.

Several new teachers have been added to our faculty: Mrs. L. Ruff, 2nd grade, to replace Miss Susie Murphy—Mrs. N. McLaughlin, 3rd grade, for Mrs. E. Granger; Miss Maria Najarian, music; for Miss Alma Murphy; Charles Hall, physical education and assistant coach, for Jim Maynor and Raymond Yates, sciences, for M. K. Bishop.

Many teachers have been attending summer school, and many will be attending summer school during the pre-school conference.

A pot-luck dinner, with cards and dancing, is scheduled at the club at 8:00 Saturday night. Come out and enjoy the fun! Today is golfer's day, we know, but Chairman is Louise. There has been some special business to decide very important to the ladies, and urges them to attend the ladies luncheon today to be heard.

Cherry of Belle Glade, Sunday, August 6, at the Pahokee Methodist Church. Reverend Hoke H. Shirley, pastor of the First Baptist Church, assisted by the Reverend Ralph W. Todd, pastor of the First Methodist Church, read the double ring ceremony before an altar decorated with palm branches, tube roses, fern and white carnations.

Nuptial music was played by Mrs. H. C. Graham and Mrs. William Shirley sang "Because" and "I Love You Truly." Given in marriage by her father, the bride was beautiful in a sleeveless gown of white satin with lace trimmed bodice, small white hat trimmed with seed pearls and shoulder length veil, white gantlets and single strand of pearls, and carried a leaf-bouquet centered

with a single white orchid with stephanotis pendant. Miss Christine Unwin, wearing a yellow organdy floor length gown, was maid of honor. She wore a white crown hat with yellow streamers, single strand of pearls and her corsage was of tiny red rose buds. Bridesmaids were Miss Clara Stein and Miss Yvonne Weeks, wearing pale lavender and green gowns, respectively, single strand pearls, and white crown hats with matching streamers.

Flower girls, Helen Cherry and a Glenis Raulerson, were gownned in pastel organdy fashioned like the bridesmaid. Fritz Stein, Jr., of Belle Glade served as his cousin's best man. Frank and Elmer Kirchman were ushers.

The bride's mother wore a white rayon gabardine suit with gardenia corsage. Mrs. Cherry, mother of the bridegroom, was dressed in yellow sheer and also wore gardenias.

A reception was given at the home of the bride's parents immediately following the ceremony. Mrs. Raulerson was assisted in serving by her sister, Mrs. Melvin Spooner and the Misses Clara Stein, Yvonne Weeks, Christine Unwin and Joan Dixon.

The young couple are touring the Central and Southern states and will be at home 554 East Main St., Pahokee, on their return.

GLADES NEGRO NEWS

Written By Negroes Of The Community

New Bethel Baptist Church

Mrs. G. H. Douglas, Reporter
Mrs. Anne Mae Everett

Sunday School was open at the usual hour with the Sup. Dea. Sandy Kendall and the teachers at their posts.

The classes were taught twenty minutes by their teacher. The lesson was carefully reviewed by Dea. Isaiah Brown. The offering was good. Class No. One still in the banner. The Sunday School gave a picnic at Jupiter Beach last Wednesday July 2. It was really enjoyed by the children and parents.

Visitors and friends are always welcome to worship with us in public services.

First Baptist Church

Mrs. Lucille Jones, Reporter
Rev. B. B. Adams, Pastor

The Pastor preached a wonderful sermon Sunday night. His subject was "A Serpent on a pole and a Man on a tree." The sermon was enjoyed by all. Then there were three visitors (white). And one new member to join the church. The No. 1 Choir rendered song service.

Baptism will be Sunday morning after morning service. There are eleven (11) candidates for baptism.

The Y. W. A. is giving a welcome treat at the home of Mrs. Nettie McKenzie. Trucks are leaving the church at 8 o'clock. The admission is 25c round trip.

Rev. Adams (our pastor) is running revival at Roanoke Baptist Church in W. Palm Beach.

Lake Shore School To Have Supervised Play Ground in Near Future

Playground equipment, valued at over \$1,000.00, destined for the Lake Shore Elementary School grounds, is here and ready to be installed.

Plans are going forward to finish the school grounds in preparation to receive the equipment, according to Mr. Hobson. A playground supervisor will be placed in charge then, and during the vacation period a summer program for the different age groups like the programs being carried out in other Palm Beach County Parks and playgrounds, will be instituted under the supervision of Playground Director, Jack Smith.

Negro Students Allowed To Attend Classes At The Two Universities

Negro students can take special courses at white universities in Florida while continuing to be enrolled at Florida A. and M. College for Negroes, the Florida Supreme Court has ruled. It declined to order

white universities opened to five negroes who had attacked the state's segregation rule, asking instruction in such specialties as law, pharmacy, chemical engineering and graduate agriculture, not offered at A. and M., but in Florida State University or the University of Florida. The state must now either provide "substantially equal" facilities at A. and M. or open classes in the other state schools to Negro students.

BASIS OF
liberties. The safeguard against this lies in complete adherence to the basic constitutional principle of divided powers with counter checks within and between powers.

1.07 This principle must be followed throughout the entire organization responsible for all phases of the water program. Planning, constructing, and operating agencies should not be too large, too powerful or too insensitive to control by the people. Under a weak or inept Congress or President, competition between such agencies may lead to loss of coordination, duplication of effort, and extravagance with funds. To cure this by consolidating all development work in one department or in one agency would establish a government monopoly and a concentration of power. Government monopolies are even worse than private ones in giving good service to the customer. Concentration of power in the hands of a few has always resulted in abuse and tyranny. Under proper control by Congress and corresponding action by the Executive, reasonable competition between the many agencies will result in best service to the people.

1.08 To insure such control is the responsibility of Congress, acting for the people. To recommend changes needed or desired, and to carry out the congressional will thereon, are the responsibilities of the President. It is believed that such changes will yield the best results if effected by modifying the existing framework, rather than by demolishing it and establishing a new and untried one.

1.09 In the last analysis, the government consists of the citizens. They discharge their functions through an elected administration divided into legislative, judicial, and executive branches. This government, the citizenry, provides for the administration by pooling contributions from individual private income. These incomes are derived from pay for services rendered in competition with others. In the general case, it thus appears to be contrary to public interest for the administration to enter into revenue yielding enterprises in competition with individual citizens. In many specific cases, where private enterprise cannot or will not furnish the necessary service, or where national defense needs justify it, the vital utility should indeed be established by the government. However, the administration is not justified in using the common purse of all its citizens to provide one favored region with government services at less than cost, making up the resulting deficit from taxes collected from areas less favored by the administration.

Cinematic Chatter

By Malcolm Miller

Every so often I read in the paper the story of some Hollywood player I recall from my old days of trouping, and which brings back some pleasant memories. Latest of these is Francis X. Bushman, who will be seen with Gloria Swanson in "Sunset Boulevard," a picture that will give a great many "old troupers" an opportunity to be seen by many of the younger generation not both when they retired from the screen. Francis wrote something about his life in the cinema in this article. It was interesting and maybe some of you read it. The last time I saw Francis in person was in Green Bay, Wisconsin, when we were playing a stock engagement with the old Edith Ambler Stock Company. Francis came on for a two weeks engagement to do two of his own plays, which he directed and played the leading role in. He was a handsome fellow, in his late forties, he could not have been older, you can never tell about Francis, with a fine sculptured face, devoid of any lines, and a luxuriant head of blonde wavy hair, without a trace of grey. The ladies adored him and he had to resort to all sorts of tricks after the matinee to avoid running into a blockade of them. One thing about Francis, he could not refuse talking to a lovely young lady... he even favored the older ones. Francis had with him a Great Dane dog of huge proportions, and vicious looking, named "Caster," and he and Francis stopped traffic whenever they appeared together on the streets. Sometimes Francis would walk Caster out the stage entrance door with him... with a few

faint shrieks and some gasps the ladies assembled would beat a hasty retreat as Caster and Francis walked with dignity to their waiting car. Ah yes, I shall enjoy seeing Francis again in his latest picture... even without the lovely Beverly Sills, one time great in the silent days, his leading lady and later his wife. Proof that you don't get the "heavies" hence to "second bit" and made it to Hollywood and his first picture. All of which took years of hard work. Now Brod has been awarded the Academy Award for the best actor of the year in "All The King's Men." Voted almost unanimously the picture with the greatest story and cast in a decade "All The King's Men" moves into the Hugo Theatre, for the Sunday-Monday run. It is the shock filled drama of a self made man who rose to the top over the broken bodies and souls of his victims. YOU MUST SEE IT! See you at the movies... Mal

The tea plant is an evergreen tree. If it was allowed to grow it would become as tall as a maple tree. Since it is kept trimmed it grows only to a height of about four feet.

YOU can see this man has made his mark in life, and while his heart's still young.

You can tell he likes action for his money—that he knows a fine car needs to be the most expensive to give the greatest value.

Yes, such are the things you know of any man, when you note that his car is a ROADMASTER.

Follow him on his spirited way as he pilots this lively motorcar through traffic. Even the light-weights are no match for this road-steady husky—with the 152-horsepower straight-eight Fireball engine that purrs beneath its bonnet.

Maneuver beside him at the next stop light. Then just try to get away as smoothly, swiftly and silently as Dynaflow Drive gets his ROADMASTER going—and keeps it rolling without shifting, even automatically.

But don't waste time merely envying the man in this great car! Why not emulate him?

With all its outside room, interior luxury and exterior grace—with all its front-rank prestige, rare performance and matchless ride—the ROADMASTER can be yours for less than some smaller cars cost!

In fact, even if you had a fortune to spend, you couldn't make a more fortunate buy in the fine-car field.

So we suggest you try a few minutes behind the wheel. We're confident they will convince you that ROADMASTER has everything you could ever ask for in any motorcar—although your Buick dealer asks a good bit less for ROADMASTER than you might pay for other top-line cars.

bron Williams, in Belle Glade, and sister Mrs. Robert Burns, of West Palm Beach.

Ralph Goodbread, who has recently been stationed at Eglin Field as a member of the Army Air Corps, is home on a furlough and visiting his mother, Mrs. Maggie Goodbread.

Charles Clifford Allen MB2C has volunteered for active duty with the U. S. Navy, leaving last week for Jacksonville, where he took his physical examination, afterwards proceed-

ing to Charleston, S. C. for further assignment.

He was accompanied to West Palm Beach by his mother, Mrs. W. C. Allen, daughter Susan, sister Jane Vivian, and Mrs. Audrey Burkett and her son, Ronnie.

J. Rayford Smith, SA, has returned to his ship, USS Saint Paul, after a two weeks leave during which he visited his parents, Mr. and Mrs. James R. Smith at South Shore Plantation, and with his mother and two brothers, Payton and Clayton, visited relatives in Sylvester, Georgia.

Coch Jim Maynor, as a grand finale to the summer recreation program in South Bay, took approximately 40 children on a picnic to Fort Lauderdale Wednesday. They were accompanied by Mrs. Louise Herring. Mrs. Marvin Davis and Mrs. Norman Dahlymple joined them later in the morning and assisted with the serving of the picnic lunch.

The group left South Bay shortly after seven in order to reach the beach in time for their swim before lunch. The afternoon was spent in games and competitive sports.

Mrs. Josephine Ratley, June and Billy Joe Ratley and Glen Martin visited Miss Martha Jean Ratley in Orlando Sunday.

Mrs. Joe H. Hodges left Tuesday for Orlando to visit her new grandson, Johnny Lamoureux, Jr., who was born in Orlando on Monday, August 7. Mrs. Lamoureux was before her marriage Mary Lois Hodges.

Exhibition of Figurines At Home Demonstration Club.

The Womens Home Demonstration Club spent the after-

noon Thursday at home handicraft. Miss Sara Horton, home demonstration agent, gave instructions in making figurines using moulded figures, which were painted and completed by the various members. She also gave some instructions in the art of making table mats.

Mrs. Kenneth Lutz and Mrs. N. Ray Whitlock of Belle Glade assisted Miss Horton with an exhibit of a group of figurines which they had made and painted. They also demonstrated the kind of mould and method of manufacture.

The local Club plans to spend the day Friday in completing their figurines and various other forms of handicraft. They will meet Miss Horton at the school cafeteria at 10 o'clock, have a sandwich luncheon at noon, and continue their work during the afternoon.

Mrs. Floyd Wilder was hostess for the afternoon and served chicken salad, saltines and cold drinks to Mrs. I. P. Roberts, Mrs. A. L. Cumpston, Miss Horton, Mrs. Lutz, Mrs. Whitlock, Mrs. Norman Dahlymple, Mrs. Marvin Davis and guest Mrs. Turner of Miami.

Seven year old Linda Wilder was honored at a birthday party Tuesday afternoon by her mother, Mrs. Floyd Wilder at their home.

Mrs. Wilder, who makes a hobby of taking moving pictures of her children at play with their little friends and of local scenes, entertained the little guests by throwing four of these films on the screen. They also enjoyed games on the lawn.
